

Full System Testing

The following tests were performed to verify system functionality.

Test 1 – Create Record

A new dream was created using the client interface.

Test 2 – Update Record

An existing dream record was updated.

Client Screenshot:

Database Verification:

```
SELECT * FROM dreams WHERE id = 36;
```

Database Screenshot:

The screenshot shows a database client interface. At the top, there is a toolbar with various icons for file operations, execution, and navigation. Below the toolbar, two SQL queries are listed:

- 1 • `USE aurelia;`
- 2 • `SELECT * FROM dreams WHERE id = 36;`

Below the queries, there is a "Result Grid" section. It includes a "Filter Rows:" input field, an "Edit:" button, and an "Export/Import:" button. The result grid itself displays a table with the following data:

id	user_id	title	description	date	mood	vividness

The client requested a specific dream by ID.

Client Screenshot:

Database Verification:

```
SELECT * FROM dreams WHERE id = 20;
```

Database Screenshot:

The screenshot shows a database client interface. At the top, there is a toolbar with various icons for file operations, execution, and navigation. Below the toolbar, two SQL queries are listed:

- 1 • `USE aurelia;`
- 2 • `SELECT * FROM dreams WHERE id = 20;`

Below the queries, there is a "Result Grid" section. It includes a "Filter Rows:" input field, an "Edit:" button, and an "Export/Import:" button. The grid displays the results of the second query:

	id	user_id	title	description	date	mood	vividness
▶	20	10	Star Orchard	Stars grew on trees.	2026-01-20	Joyful	8
*	NULL	NULL	NULL	NULL	NULL	NULL	NULL

Test 5 – Delete Record

A dream record was deleted through the client interface.

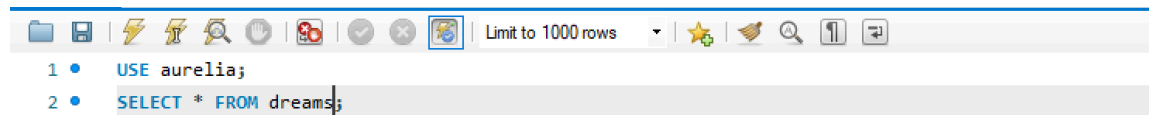

Client Screenshot:

Database Verification:

```
SELECT * FROM dreams;
